Signing of a memorandum of understanding between ONGC and British Petroleum

1386. SHRI PRABHAKAR RAO KALVALA: Will the Minister of PETROLEUM AND NATURAL GAS be pleased to state:

(a) whether Oil and Natural Gas Commission (ONGC) and British Petroleum (BP) have signed a Memorandum of Understanding recently; and

(b) if so, what are the details thereof?

THE MINISTER OF STATE OF THE MINISTRY OF PETROLEUM AND NATURAL GAS (SHRI BRAHM DUTT): (a) and (b) Yes, Sir. A memorandum of understanding has been signed between ONGC & British Petroleum in April, 1989 for joint evaluation study of the undeveloped hydrocarbon resources of Himalayan foreland area.

Mixing of Alcohol in Petrol

1387. SHRI RAM AWADHESH SINGH: Will the Minister of PETROLEUM AND NATURAL GAS be pleased to state:

(a) whether it is a fact that alcohol is not being mixed in petrol for the past over four decades due to inadequate availability on account of its export; and

(b) what has been the total exports of alocohol during the above period indicating the quantity of alcohol required for admixture with petrol at 10 per cent level as is being done by the United States in order to reduce air pollution?

THE MINISTER OF STATE IN THE MINISTRY OF PETROLEUM AND NATURAL GAS (SHRI BRAHM DUTT): (a) Yes, Sir, Alcohol is not being mixed in petrol due to non-availability of surplus alcohol on a steady basis which should justify investment on blending plants and as use of alcohol as a fuel has not been considered to be optimum utilisation of this industrial raw material.

(b) Export of alcohol is permitted when its availability exceeds the requirement within the country. A total quantity of 1200 lakh litres of alcohol had been allowed for export during 1988 and 1989. The quantity exported in earlier years was insignificant but the actual figures are not available.

An Inter-Ministerial Committee has been set up to explore the techno-economic feasibility of blending methanol and ethanol with petrol as motor fuel and the quantity of alcohol required for admixture with petrol would depend on the findings of this Committee and Government's decision thereon.
